WELCOME NOTE

Dear colleagues,

Out with the old, in with the new! We hope that, in time, the world will be a safe place again. Until then, we continue to train and educate ourselves and others. Therefore, we are organizing the webinar **'Evolving Techniques in Arthroscopic Shoulder Surgery'**, on the 27th of January 2021

Shoulder experts from around Europe including Nuno Gomes, Jean Kany and Philippe Valenti will present interesting shoulder topics and will answer all questions addressed to them.

This webinar is under the auspices of the Hellenic Association of Arthroscopy, Knee Surgery & Sports Traumatology 'George Noulis'.

We are looking forward to your warm participation as we are more than certain that you will enjoy this high-level scientific meeting.

Sending you our best wishes for better days ahead, in 2021.
